Gina's relationship with Diddy reportedly began during a period in which he and Cassie (real name: Casandra Ventura) were on and off.

'He stomped on my stomach really hard — like, took the wind out of my breath,' Gina said in her interview, via [Page Six](#).

'I couldn't breathe. He kept hitting me. I was pleading to him, "Can you just stop? I can't breathe,"' she added.

According to her, Diddy then began to pull at her hair and punch her repeatedly in the back of her head.

She added that she began fighting back after she had 'enough of his s***.'

Elsewhere, she claimed that Diddy had punched her in the head at other times, as her hair would cover signs of her injuries.

'He was mentally, emotionally and physically abusing me,' she also claimed. 'He would always compare me to Cassie and tell me that I'm the bad one, she's a good one.'

Huynh also claimed that 'everyone' in Diddy's circle 'allowed' him to allegedly abuse her multiple times.
